

## **Key Benefits**

### ***Earth Healers (The Brand)***

- No one knows balance better than nature
- From Ancient Medicinal Traditions – Modern Holistic Healing
- Whole food herbals with the purity and potency nature intended
- Organically grown and harvested according to age-old tradition and ceremony, thereby delivering optimal healing

### ***Environmental Standards***

- Vegan: vegetable capsules and no animal products or testing
- Recyclable bottles, labels from recycled paper printed with water-based inks
- Organically grown or sustainably wild-harvested plants
- Fair Trade payment to growers
- Revenue is shared with growing communities via non-profit Naturaleza

### ***Earth Healers (The Company)***

- Company started by holistic physicians
- Herbal products developed/formulated by physicians and traditional healers
- A company that is proud to be a Green Business
- Founded and operate non-profit organization, Naturaleza, ensuring a portion of each sale goes back to our Earth Mother and our community partners
- Purchase of Earth Healer products and services supports the preservation of our world's sacred natural places and the deep cultural traditions therein
- Going Beyond Organic and Beyond Fairtrade
